Bangalore.

To Whomsoever It May Concern:

This is to certify that we have used Osolin Research Labs products

- 1) Osolin-ATC-CT (Construction Treatment) and
- 2) Osolin-ATC-WT (Wood Treatment)

We have used these products in our residential and institutional projects since the last 5 years.

We have found these products are very useful and totally environmentally safe to use.

We recommend the use of these products as an alternative for all people who are concerned about the harmful effects of chemical substitutes which are toxic and contaminate the soil and water.
