CHHOTUBHAI DESAI  
S.A., S.Y.C. - "BOYS"

November 14, 1955.

It gives me great pleasure to certify that Sri C.N. Sastry demonstrated immediate killing of cockroaches & bugs with his effective "BUGSAC" which is not at all poisonous to human beings.

BUGSAC is a wonderful chemical insecticide in his possession and I strongly recommend to all people to use this insecticide in their household whenever they find it necessary to ruin this normal nuisance.

I wish Mr. Sastry all success and I sincerely trust Public will give him all possible encouragement in his enterprise.

A handwritten signature in dark ink, appearing to read "Chhotubhai Desai".

(CHHOTUBHAI DESAI)
