MADRAS 26

CERTIFICATE:

As a consistent user of Sri C.N. Sastry's specific "BUGSAD" ever since his invention of the same, I am really very happy to say that "BUGSAD" is, in my experience, an unique insecticide - an instantaneous, deadly killer of all domestic pests as Cockroaches, Bugs, White-ants, etc. I say 'unique' because, while being a sure killer of pests, it's quite harmless to human beings.

Mr. Sastry deserves our thanks and all encouragement for his invention of this "friend of humanity". I have no hesitation - in fact, I am happy - in strongly recommending his product to anyone who needs relief from the pest-misance.

B. NACI REDDY:
